**FOR IMMEDIATE RELEASE**

**MAGAL AWARDED \$5.5 MILLION IN ORDERS**

**YAHUD, Israel - August 1, 2010 -- Magal S<sup>3</sup> (NASDAQ GM: MAGS; TASE: MAGS)**, announced today that it has received during the past few weeks approximately \$5.5 million of orders for projects in Israel and worldwide.

The orders from Israel are related to homeland security and have been received from existing customers for new sites and expansions, as well as follow on support.

Two of the orders consisting of \$1.2 million in the aggregate are to protect overseas critical infrastructure. One order is for a taut wire solution for the perimeter of a large air-force base in Western Europe. The second order is for a comprehensive solution for a nuclear reactor in North America. The project in North America includes Magal's leading PIDS (Perimeter Intrusion Detection System) buried cable technology and DreamBox - Magal's outdoor video management system with the state-of-the-art Intelligent Video Analytics (IVA).

**Eitan Livneh, President and CEO of Magal S<sup>3</sup>, commented:** "These new orders prove that investments in the protection of strategic homeland security assets by governments continue to be stable, and we are using our expertise in this area to win more business. Our strategy of focusing on regions, in which we have strong local presence, where we can leverage our previous successes, has allowed us to further enhance our position in these regions and to strengthen our long term relationships with the customers".

**About Magal S<sup>3</sup>:**

Magal S<sup>3</sup> is a leading international solution provider, in the business of Security, Safety, and Site Management (NASDAQ: MAGS).

Over the past 40 years, Magal S<sup>3</sup> has delivered tailor-made solutions to hundreds of satisfied customers in over 80 countries.

Magal S<sup>3</sup> offers a broad portfolio of unique products used to protect sensitive installations in some of the world's most demanding locations and harshest climates. This portfolio covers the following categories:

· **Perimeter Intrusion Detection Systems (PIDS)**

A variety of smart barriers and fences, fence mounted detectors, virtual gates, buried and concealed detection systems.

· **Closed Circuit TV (CCTV)**

A comprehensive management platform with a leading Intelligent Video Analysis (IVA) and Video Motion Detection (VMD) engine.

· **Physical Security Information Management (PSIM)**

A proprietary site management system that enhances command, control and decision making during both routine operations and crisis situations.
