**FOR IMMEDIATE RELEASE**

**MAGAL S<sup>3</sup> SIGNS A \$35.5 MILLION CONTRACT TO SUPPLY AN INTEGRATED SECURITY SYSTEM FOR THE 2012 AFRICAN CUP OF NATIONS**

**YAHUD, Israel - May 31st, 2011 -- Magal Security Systems, Ltd.** (NASDAQ: MAGS, TASE: MAGS) today announced that it has signed a \$35.5 Million contract for a turnkey project, to provide a fully integrated security system, covering multiple sites, for the African Cup of Nations Football Championship to be held in January 2012 in West Africa.

The project will cover football grounds, the stadium and the Olympic villages for the participating teams. The full solution will be networked and integrated into several command and control centers by Fortis - Magal's state of the art, Physical Security Information Management (PSIM) system. A built in hierarchical structure will enable control of several smaller centers by a main regional control center.

The security solution includes Magal's newest technologies, such as Barricade II - an innovative fence mounted locating sensor and a full CCTV solution with multiple surveillance cameras and sophisticated IVA (Intelligent Video Analytics) capabilities. Additionally, various types of gates with access control, X-Ray screening devices for visitors, intercom and public announcement systems will complement the full solution.

**Mr. Jacob Perry, Chairman of the Board of Magal S<sup>3</sup> commented:** "This is the largest project in our history and both represents a highly significant business achievement and an acceleration in Magal's growth trajectory. Securing major sporting events such as this, represent a major opportunity for Magal S<sup>3</sup> and further demonstrates our leadership in the security market worldwide and specifically in Africa."

**Eitan Livneh, President and CEO of Magal S<sup>3</sup>, commented:** "We are proud to have been chosen as the main contractor to implement the security and safety solution for this prestigious and globally recognized event. We will leverage our experience in providing similar solutions to customers in more than 80 countries in order to complete this demanding project within a tight timetable."

**About Magal S<sup>3</sup>:**

Magal S<sup>3</sup> is a leading international provider of security, safety and site management solutions and products. Over the past 40 years, Magal S<sup>3</sup> has delivered tailor-made solutions to hundreds of satisfied customers in over 80 countries. Magal S<sup>3</sup> offers a broad portfolio of unique products used to protect sensitive installations in some of the world's most demanding locations and harshest climates. This portfolio covers the following three categories:

- **Perimeter Intrusion Detection Systems (PIDS)** - a variety of smart barriers and fences, fence mounted detectors, virtual gates, buried and concealed detection systems;
- **Closed Circuit TV (CCTV)** - a comprehensive management platform with a leading Intelligent Video Analytics (IVA) and Video Motion Detection (VMD) engine;
- **Physical Security Information Management (PSIM)** - a site management open system that enhances command, control and decision making during both routine operations and crisis situations.
