PRESS RELEASE

MAGAL RECEIVES \$6 MILLION OF ORDERS TO SECURE CRITICAL SITES IN AFRICA

YAHUD, Israel – Nov. 18th, 2013 -- Magal Security Systems, Ltd. (NASDAQ GM: MAGS) announced today that it recently received two orders for projects in Africa, amounting to \$6 million.

The first order is to secure a government-related critical site in Africa, which is expected to be completed by summer 2014. This represents an initial order from this customer and has potential to be expanded to further locations and additional orders.

The second order is an expansion of a contract with the Kenya Port Authority for the security system at the port of Mombasa to include an area which was not covered in the initial contract. Earlier this year, Magal commissioned the initial integrated security project.

Eitan Livneh, President and CEO of Magal S³, commented: "We are encouraged by these orders in Africa, an important target region for us. These orders, from both a new customer as well as an existing one, demonstrate our ability to grow by expanding our customer base, while at the same time leveraging our base of satisfied customers."

About Magal S³

Magal S3 is a leading international provider of solutions and products for physical and cyber security, safety and site management. Over the past 42 years, Magal S³ has delivered tailor-made solutions and turnkey projects to hundreds of satisfied customers in over 80 countries in some of the world's most demanding locations.
