PRESS RELEASE

MAGAL WINS \$12 MILLION IN NEW ORDERS

YAHUD, Israel – March 30, 2015 - Magal Security Systems, Ltd. (NASDAQ: MAGS) announced today it has recently won new orders amounting to \$12 million. Most of the new orders are expected to be delivered to customers during 2015.

The largest order, amounting \$6.4 million, is for a project to secure multiple secondary power stations in Latin America.

The second major order, for \$2.5 million is for Perimeter intrusion detection system, CCTV and Access Control which will be supplied for a Western Government military installation within the next two years.

The third major order, for \$1.6 million, is an integrated security solution for a large electrical utility company in Canada. It includes fence mounted perimeter sensors (fiber optic), smart gates, biometric based access control, door locks, IP CCTV with IR illumination and a video management system.

The balance of the orders come from security integrators in Poland and Latin America; and include maintenance agreements as well as Magal's new generation of fence mounted sensors: Magal's long range fiber optic sensor and a copper based ranging sensor.

Eitan Livneh, President and CEO of Magal S³, commented: "I am pleased with our first orders for long range fiber optic systems in Europe. I am also encouraged by the ongoing solid flow of new orders we have recently seen, and I hope it will lead to additional business in the next few months."

About Magal S³
