### **About Senstar Technologies**

Senstar Technologies (formerly known as Magal Security Systems) is a leading international provider of comprehensive physical, video, and access control security products and solutions, as well as site management. Over the past 45 years, Senstar Technologies has delivered its products as well as tailor-made security solutions and turnkey projects to hundreds of satisfied customers in over 80 countries under some of the most challenging conditions. On June 30, 2021, the Company completed the sale of its project division for approximately \$35 million. The Company is now focused entirely on security products, both software and hardware, and product-based solutions, with a highly visible and scalable business model through its Senstar brand.

Senstar is a global leader in innovative perimeter intrusion detection systems (PIDS) and intelligent video management (VMS) with advanced video analytics and access control, offering a comprehensive suite of innovative, intelligent, integrated security technologies. Senstar offers a comprehensive suite of proven, integrated technologies that reduce complexity, improve performance and unify support. Senstar, which products are found in thousands of sites including critical infrastructure, logistics, corrections and energy, has been protecting high risk assets for more than 40 years. For more information, visit the Company's website at [www.senstar.com](http://www.senstar.com).
